

LWV-Michigan Suggested Questions to Ask Candidates in Local/State Races

In the following pages are sample questions that have been asked by local Leagues over the years.

- The goal is to ask both some general questions to give the candidates an opportunity to show what's on their minds, as well as some more specific questions that are pertinent to current events.
- What's really important is that the questions are both fair and appropriate to the office, and that all candidates for the same office are asked the same questions.
- Some are redundant, offering choice of wording for the same idea.
- Many questions listed in specific offices can be rephrased to use in other races.

Adapt or update questions to your community and its current issues. These can be used in Voter Guides and/or at Candidate Forums.
